

Sophie Seat

Sophie is the large seating element which is from UrbanEdge family. Its long elegant oval seat accommodates two people sitting side-by-side or one person leaning back across the seat in a lounging position. With a comfortable curved-band back or without, it rotates 360, encouraging sitters to control the degree of engagement that suits their mood. Installed side-to-side Sophie creates bench-like linear seating. Set singly or in groups throughout a space Sophie embodies a spirit of informality and comfort.
