

Jaymart

**Specialist
Matting
Solutions**

Jaymart's range of specialist matting solutions offer a range of products designed to solve problems and issues. We have vast experience of advising customers on their requirements so you can be sure you are getting the right advice for your project.

Rubber Matting is comfortable and hardwearing - it has good resistance to chemicals. Can be used in a variety of different applications.

Koroseal Matting is extremely hardwearing and also offers excellent oil and chemical resistance so can be used in a variety of commercial and industrial applications. The embossed designs increase traction under foot and help reduce slip/ trip and fall accidents.

PVC Matting is also extremely hardwearing and also offers excellent oil and chemical resistance so can be used in a variety of commercial and industrial applications. The embossed designs increase traction under foot and help reduce slip/ trip and fall accidents.

Jaymart also offer a range of electrical switchboard matting which protects operatives working on live electrical boards.

Jaymart's range of chair mats are the highest quality on the market and will outperform cheaper mats every time.

For more information on any aspect of anti-fatigue and duckboard matting, please call Jaymart on 01985 218994

FLEXI DOT / ECO DOT EXTRA

Black

Grey

Blue

Red

Roll Size 20m x 98cm Wide

The perfect combination of style and practicality, Flexi Dot is ideal for covering large areas.

Designed for both commercial and light industrial workplaces, Flexi Dot comes in 98cm widths and 20m lengths for easy installation. The small dot design makes it easy to clean and suitable for small-wheeled traffic like trolleys and wheelchairs.

For areas with particularly high footfall, we recommend

Flexi Dot Extra, which has a raised button pattern for busy workplaces.

Flexible format

Supplied in a convenient roll format

Simple installation

Easy to cut to fit on site, contours to the subfloor

Easy to maintain

Blue

Green

Roll Size 25m x 98cm Wide

Roll Size 25m x 1.5m Wide

Cover large areas easily and economically with Flexi Coin, stylish vinyl sheet matting that provides an excellent alternative to conventional floorings.

The large stud design not only looks good, it's also extremely practical, with a hard-wearing finish that's quick to install and easy to keep clean. The raised elevation means it can withstand light spillages, making it ideal for workplaces where liquids are present and employees need protection underfoot.

Flexi Coin is supplied in larger widths (98cm or 150cm), so it's perfect for both commercial and light industrial workplaces.

FLEXI LINE

Black

Light Grey

Red

Roll Size 25m x 1m Wide

A lightweight alternative to conventional rubber runners, Flexi Line is designed to be used beside or on work areas.

The narrow ribs provide good slip resistance, while its dense composition reduces the impact of any noise that might be generated by industrial machinery. Hard-wearing and easy to wipe clean, it's also resistant to oils, acids and chemicals.

gauge
2.0mm

Flexible format

Supplied in a convenient roll format

Simple installation

Easy to cut to fit on site, contours to uneven surfaces

Easy to maintain

Simply lift or roll to clean, no special tools needed

FLEXI RIDGE

Dark Grey

Green

Roll Size 20m x 1m Wide

Flexi Ridge's ribbed surface withstands light spills, protects delicate items and provides cushioning underfoot, making it ideal for workplaces where employees are on their feet and tools are in frequent use.

This excellent multi-purpose product provides good slip resistance, reduces the impact of noise and protects delicate items and tools from damage if dropped. Thanks to the mat's ribbed surface, it's also easy to maintain – the integral ridges means any liquid is easily dispersed, and the smooth surface can be wiped down.

gauge
2.8mm
